YOU ARE WELCOME HERE!
Welcome to the Stevens Point Area YMCA Summer Camp programs. We have great things planned for you this summer. Fantastic programs, awesome activities and really cool staff you can relate to, all come together to provide an amazing experience no matter your age. Camp is the place to be, so invite a friend and pack your bags for the experience of a lifetime!

CHARACTER DEVELOPMENT
The Stevens Point Area YMCA is dedicated to providing a safe and fun environment which creates lasting memories that grow the mind, body and spirit of each camper. YMCA Camp not only teaches ecology, canoeing, team building, sports, archery and more; we teach values through these programs. YMCA character development is not a program—it is a focus for everything we do at Camp. The Y: We’re for youth development, healthy living and social responsibility.

OUR STAFF
Led by the full time professional leadership team—Tiffany “Gecko” Praeger—Camp Director and Chelsea Kelly—Great Escape School Age Director—our camp staff are our most valuable asset. Camp staff are college age, with interests in environmental studies, teaching and other disciplines. We carefully select staff exhibiting good character, leadership skills, and the ability to make sound decisions, to provide campers with a meaningful and safe camp experience.

Staff participate in an intensive week-long training that emphasizes leadership development and the safety and welfare of our campers. Did we mention our staff are fun, too? Camper-to-staff ratio averages 8:1 and we have a maximum of 100 campers in our largest program, so campers receive a personalized program and do not get lost in the group. Programs at Camp Glacier Hollow have qualified medical staff on site.

CHOOSE THE PRICE TIER YOU CAN BEST AFFORD
We understand that different families have differing abilities to pay, so we have three pricing levels to better accommodate all financial needs. Please consider selecting the highest tier you can afford to allow YMCA Camp Glacier Hollow to best stretch our funding and continue to improve the quality of each camper’s experience.

PRICE A: most accurately reflects the cost of YMCA Camp Glacier Hollow.
PRICE B: A partially subsidized rate, but more clearly reflects the actual cost of camp.
PRICE C: Our historically subsidized rate, which does not represent the true cost of camp, but has been our standard rate.

Our Tier Pricing Program in no way influences the experience your child(ren) will receive! We simply feel it is important to share with parents the true costs of YMCA Camp Glacier Hollow and give families the opportunity to decide how much they can contribute toward their child’s camp experience. As always, further financial assistance is available for families.

FINANCIAL ASSISTANCE IS AVAILABLE
It is the goal of the YMCA to provide educational, social and physical development services to people, regardless of their ability to pay. Waiver or reduction of fees is available subject to facility and program capacity and demonstrated need, without regard to race, gender, religion, national origin, age or physical or mental handicap. Contact us for application materials. Scholarships are provided through generous contributions. If you would like to help ensure that every child can go to camp, please see page 15.
